Chiropractic Appointments

Please call with *at least a 4-6 hour notice.*

This makes it easier to schedule emergency and new patient appointments.

If more than 3 appointments are made and cancelled, you care plan will be re-evaluated.

Massage Appointments

Please give a 24-hour notice.

The therapists are on call, and only come in when appointments are scheduled.

Also, because of the length of appointments, it is difficult to fill a spot on a short notice.

A \$35.00 fee will be charged, **to the patient**, on all missed massage appointments.

We want to provide all patients with the best service possible, Thank You for your understanding.

I have read the above policy and understand that I need to give advanced notice whenever I am unable to keep my scheduled appointment.
